

Hamed Faghihi

Head of Department

DoB: 1990-04-18

Marital Status: Married

Military Service: Served

✉ hamedfaghihi90@yahoo.com

☎ (+98)9150426195

📍 Zahedan, Sistan and Baluchestan, Iran

Education

Master of anesthesia physiology

Branch: anesthesia

Institute/University: zahedan university of
medical sciences

Yazd, Iran

2013 - 2015

Work Experience

Instructor Faculty member

head of department

Zahedan, Sistan and Baluchestan, Iran

July 2015 - Present

Research

Effect of mHealth Training on Treatment Adherence in Hemodialysis Patients

Publisher: Med Surg Nurs

Link : <https://doi.org/10.5812/msnj-134851>.

An Investigation into the Effect of Transcutaneous Electrical Nerve Stimulation on Postoperative Pain Intensity in Patients with Bone Fracture: A Clinical Trial

Publisher: Med Surg Nurs

Link : <https://doi.org/10.5812/msnj.100391>

Explaining the clinical training experiences of anesthesiology students: A phenomenological study

Publisher: MEDICAL SCIENCE

An Investigation into the Effect of Transcutaneous Electrical Nerve Stimulation on Postoperative Pain Intensity in Patients with Bone Fracture: A Clinical Trial

Publisher: Med Surg Nurs

Link : <https://doi.org/10.5812/msnj.100391>.

Comparing the Impact of Three Follow-Up Methods (Telephone, Educational Booklet, and SMS) on Self-Care Ability of Patients with Acute Coronary Syndrome: A Quasi-Experimental Study

Publisher: Med Surg Nurs

Link : <https://brieflands.com/articles/msnj-102328.html>

Comparing the Effect of Breast Milk Odor and Incubator Cover on Nutritional Adequacy of Premature Infants: A Quasi-Experimental Study

Publisher: Med Surg Nurs

Link : <https://brieflands.com/articles/msnj-99993.html>

Comparison of the Effect of Perineal Care with Normal Saline and 2% Chlorhexidine Solution on the Rate of Catheter-Associated Urinary Tract Infection in Women Hospitalized in Intensive Care Units: A Quasi-Experimental Study

Publisher: Med Surg Nurs

Link : <https://brieflands.com/articles/msnj-106739.html>

The Effect of Flipped Learning Method on Self-care of Patients with Type 2 Diabetes

Publisher: Med Surg Nurs

Link : <https://brieflands.com/articles/msnj-137629.html>

The Effect of Auditory and Tactile Stimulation by a Family Member on the Level of Agitation in Patients with Traumatic Brain Injury and Decreased Consciousness: A Quasi-Experimental Study

Publisher: Med Surg Nurs

Link : <https://brieflands.com/articles/msnj-108844.html>

The effect of motor-balance exercise on MS patients' anxiety and fatigue of Zahedan, Iran 2014-2015

Publisher: Medical Science

An Investigation into the Effect of Transcutaneous Electrical Nerve Stimulation on Postoperative Pain Intensity in Patients with Bone Fracture: A Clinical Trial

Publisher: Med Surg Nurs

Link : <https://brieflands.com/articles/msnj-100391.html>

The Relaxant Effect of Carvacrol on Acetylcholine-induced Contraction in Isolated Rat's Ileum

Publisher: International Journal of Medical Laboratory

Link : <https://ijml.ssu.ac.ir/article-1-162-en.html>

Marital quality in the spouses of men with multiple sclerosis: A descriptive comparative study

Publisher: International Journal of Medical Research & Health Sciences
